

**James Cameron**

14 December, 2023

Dear Mr. Cameron,

On behalf of the local government of the city of Sokołów Podlaski, I would like to thank you for your generous donation, which enabled us to finance the adaptation of refugees from the war in Ukraine in our city. Thanks to your support, we managed to provide them with safe and decent living conditions. This is invaluable help for people who have lost everything because of the armed conflict.

I would also like to inform you that the remaining funds from your donation were used to purchase furniture for a children's room for a family in need of help. The family consists of a disabled mother and three children, and is in a difficult financial situation. Thanks to your kindness, the children now have their own bunk bed, desk and chairs, which will significantly improve their comfort and well-being.

We are very grateful for your generosity and commitment. Please also convey our thanks to your family and co-workers.

Kind regards,

Mayor of Sokołów Podlaski

Bogusław Karakula
